Wind Mitigation & ePAS Training 10 AM-12 PM

Hurricane Loss Mitigation focuses on the factors and features designed to strengthen buildings against damage due to windstorm and the premium discounts available for policyholders. Registration for this class allows you to stay for a FREE bonus class from 11:00 AM to NOON - ePAS Trio, a step by step review of 3 ePAS automated programs designed to assist agents and save you time and money: Automated Underwriting, Agent Approved Endorsements, and Electronic Document Submission.

Agent Certification Training 1-4:00 PM

ACP was developed to ensure that agents and support staff are knowledgeable of Citizens' general rules, coverage and compliance requirements. This 3-hour class is \$30.00 per person. Open book quizzes will be presented at the end of each module covering 4 topics: Compliance, Personal Residential, Commercial Residential, and Commercial Nonresidential.
